

*Find out how*  
**good**  
*a dry cleaner*  
*can be*

Your clothes never had it so good because we're more like craftsmen than cleaners. So we work hard to get everything just right. From the time you drop off until the time you pick up, we're focused on excellence. It's the kind of excellence that's designed to prompt one thing. Your smile of satisfaction.

# *The dry cleaner that works hard to be your hero*

*(Why? There are thousand of cleaners out there, but very few heroes.)*

You might say other dry cleaners are green with envy. But we're green where it counts – the environment. Lot's of companies say they're environmentally conscious, but we prove it every day. With patented Green Earth® technology, you benefit with freshly cleaned garments devoid of chemical odors. So everything looks and feels like new. Come experience it for yourself. The environment will thank you – and so will we.

# *A routine, normal, run of the mill dry cleaner? Heck, no!*

Use the word 'outrageous' when talking about customer service, and you probably think, "yeah, right." Well then, if our word isn't good enough, perhaps it's time for the dry cleaning experience that will leave you raving. No, we're not kidding. While other cleaners are figuring out how to 'attract' customers, we're busy finding out how to 'serve' you better. Yeah, it's a novel concept, but it's working! See for yourself.

*Surprising quality.  
Surprisingly affordable  
prices.*

With our level of outrageous service and quality cleaning, you might expect us to be the most expensive cleaner around. Surprise! Combine our affordable prices with the industry's most technologically advanced cleaning system, and what you get is tremendous value and sensible prices. Add to that our curbside and drop-off service, and you'll not likely find a cleaner that does better work at equal or lower prices.

*There's only one cleaner  
located at the corner of  
care and  
satisfaction.*
